Fiscal Year

July 1, 1994 to June 30, 1995

CITY OF
RUTLAND, VERMONT

**This Annual Report of the
City of Rutland
is Dedicated to**

Micheline "Miche" Desjardins

November 9, 1955–December 22, 1992

Data Processing Manager

"Miche" was employed by the City from November of 1980 until the time of her death on December 22, 1992. Her sudden passing, at age 37, left a void at City Hall which is still felt today.

Miche was a self-motivated individual who obtained her Bachelor of Science Degree in Computer Science through night courses. She was planning to begin work on her Master's Degree in the immediate future.

Miche was a dedicated worker, whose computer and accounting skills were valued and utilized by all departments.

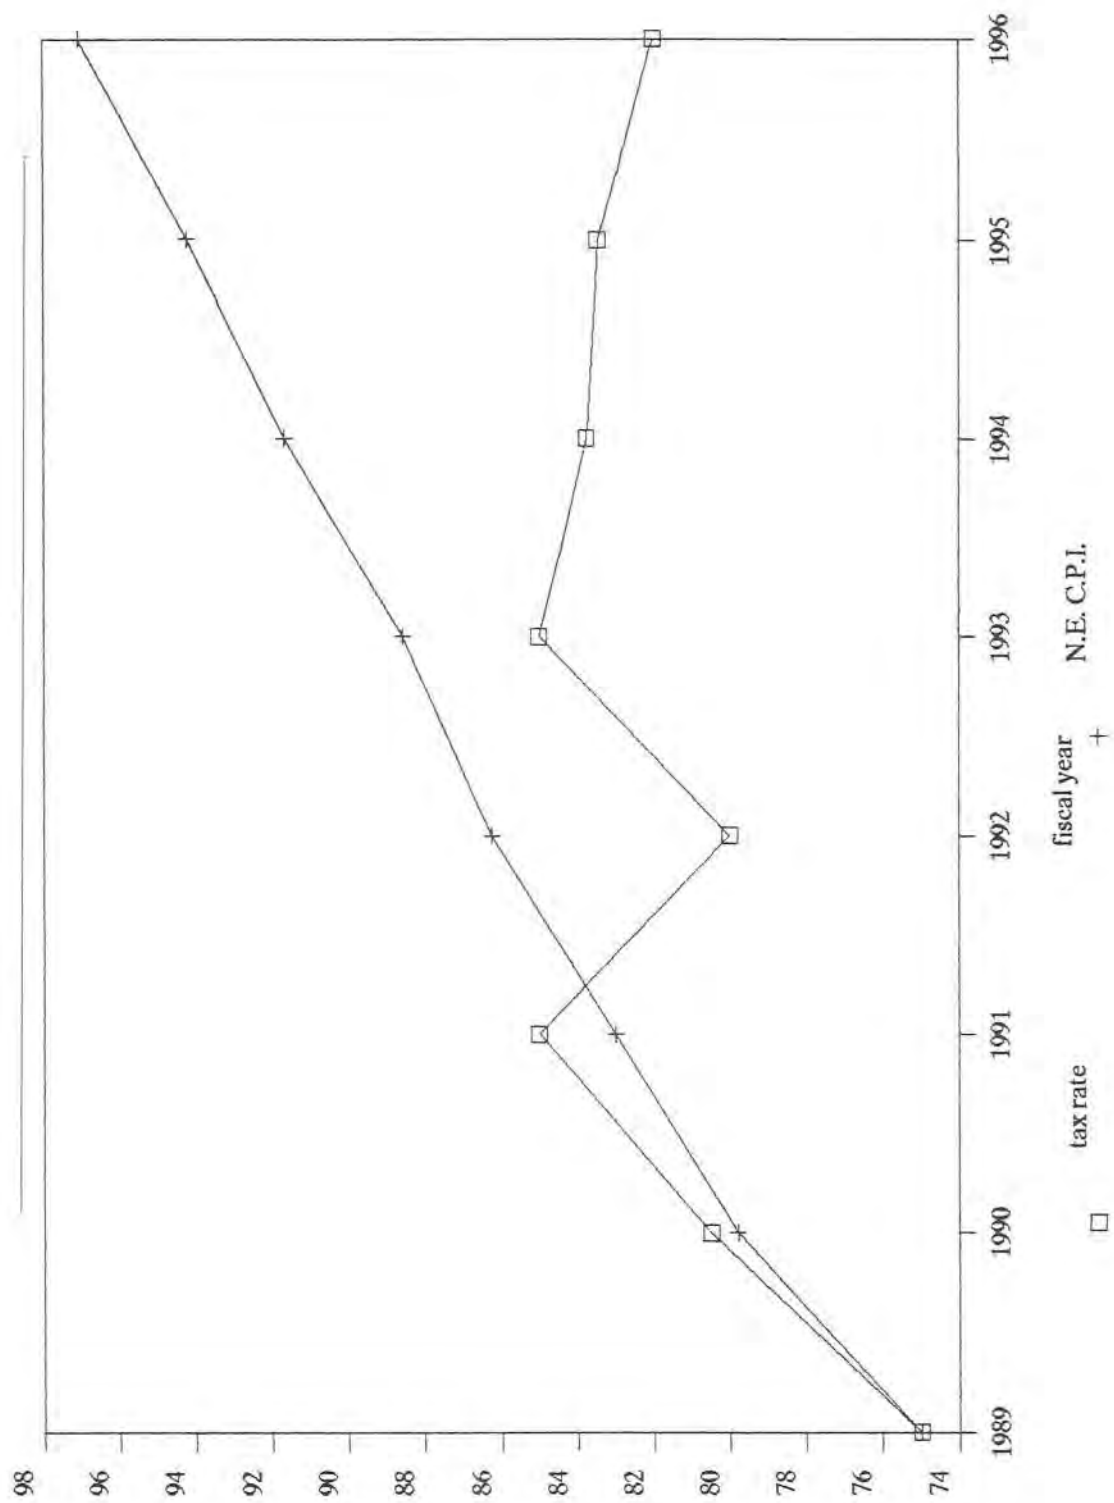

Her quick wit and sharp intelligence are missed by those who knew her professionally or as a friend.

A truly caring individual, she touched all our lives in a special way.

CITY OF RUTLAND

Mayor's Message

Jeff Wennberg, Mayor

To the Honorable Board of Aldermen and the Citizens of Rutland

One year ago I was pleased to report that our hard work and patience were beginning to bear fruit. Bricks and mortar proof of the success of our program was finally in hand.

The year spanning July first 1994 through June thirtieth 1995 has continued that success, to the point that public confidence in our future became infectious by mid 1995.

The strongest possible reinforcement of this confidence came at the end of July, when the Board established a total tax rate for fiscal 1996 that was three cents lower than the previous year. In fact, General City Purposes taxes—that portion of the total tax rate that is governed by the eighty-five cent Charter Limit—dropped nearly a penny and a half to eighty-two cents. This is the seventh consecutive year that we have lived within the Charter Limit, and the fourth year out of the last five that this tax rate has been cut. The graph illustrates Rutland's General Government Tax Rate and the New England Consumer Price Index since 1989.

The two reasons for this are less spending and more tax base. The General Government portion of the budget includes Police, Fire, Recreation and Parks, Treasurer, Clerk, Legal, Building and Zoning, Assessor, Community Development, Emergency Management, Mayor, Aldermen and Health. Since 1987 these departments have seen their budgets grow at only half the rate of inflation. And after two consecutive years of declining tax base, in 1994 and 1995 Rutland's tax base grew \$17,575,700.

Most of this increase was a result of the success of the redevelopment program. Nineteen ninety-five saw the completion of the south end of the downtown shopping plaza. T. J. Maxx and Movieplex Nine joined Price Chopper as the new anchors to our central business district. This investment and the continuing good work of the Rutland Partnership have encouraged other notable investments. The Coffee Exchange has been a huge hit at the corner of Merchants Row and Center Street; The Back Home Cafe has been restored; Capers has spruced up State Street; Tatersalls now graces the Mead Building; The Vacant Chair replaces 121 West, and Sun-

shine Natural Foods has expanded on Center Street. Numerous other new stores and services ranging from shoe repair to race car novelties have found a home in downtown Rutland.

In the "Man bites dog" category, it was announced in 1995 that the Fashion Bug, a long-term tenant of the Rutland Mall on Woodstock Avenue, would move to larger space in the downtown shopping plaza.

Despite all the progress, we encountered one major downtown setback in 1994. After nearly a decade in planning, Central Vermont Public Service Corporation announced in January that they were abandoning plans to construct a new \$20 million corporate headquarters on the north end of the Shopping Plaza site. In large part it was the CVPS opportunity that was the genesis of our redevelopment program. The "On the Right Track" planning process begun in 1988 was initiated by a \$20,000 challenge grant from CVPS.

Delays, regulatory orders and revolutionary changes in the electric utility industry persuaded CV's upper management that the headquarters project was no longer financially sound. But with the construction of the Diamond Run Mall in

Rutland Town, the result of this decision at this late date meant that the K-Mart store would become a gaping 78,000 square foot vacancy.

Fortunately, downtown's success without CV and the increased interest in our retail market brought on by the mall itself has made this vacant space a highly desirable location for several national retail chains. At this writing there has been no announcement regarding the future of this store, but prospects for a spring 1996 opening are excellent.

The ad hoc parking committee has been working diligently to improve the availability and management of Rutland's parking resource. Changes in the on-street meter rates has freed up dozens of spaces for shoppers, while lower fees for off-street lots serves workers. As long as the old K-Mart store is vacant, there will be plenty in and around downtown. But when that store is reopened, we will face a crisis overnight.

This is why the planned Multi Modal Transit Center is such a critical piece of the redevelopment program. All necessary funding for this \$12 million dollar transit center and parking facility is lined up, thanks to the support of Rutland voters and the efforts of the Marble Valley Regional Transit District, The Vermont Agency of Transportation and the United States Department of Transportation. Without a new department store operating downtown, the need for these new parking spaces is less obvious. But once the store opens, the need will be critical, and in fact the future availability of these spaces may be critical to convincing a new store to occupy this space.

The Bus was the center of another controversy in 1995. After over a decade of solid voter support for direct funding of The Bus, voters narrowly rejected a \$46,000 request in March. Since community financial support is needed to attract the federal funding—which pays the lion's share of the costs for this service—the defeat meant that fixed route service would be terminated.

Also, without the fixed route busses, the federal support for the transit center would evaporate.

Many who opposed the funding felt The Bus was under utilized. I and the Board of Aldermen agreed. But instead of canceling the service, we proposed to increase its use by "pre-paying" the \$1.00 per ride fare for the 1996 fiscal year. In essence, this meant that all fixed route rides in the city would be free of charge for a year. Consistent with the wishes of the voters, the money for this \$45,000 expenditure was drawn from the Parking Meter fund, and not from property taxes. In the first three months since the free service began, ridership has increased over 100%.

Progress on our new \$6 million water filtration plant continued on schedule. National concern for water borne parasites and microbes has grown in recent years, demonstrating the foresight of Rutland voters who approved the bonding for the plant back in 1985. The gradual increase in water rates which was put into effect in order to pay for the new plant are now fully in place. No additional large increases are expected for the foreseeable future.

The long-awaited Diamond Run Mall opened gradually during 1995, and with the improvements downtown is restoring Rutland as the retail hub of southern Vermont. The positive benefits of these investments are already being seen throughout the community, from dramatically reduced unemployment to area wide increases in business activity. We are now proving that with planning and cooperation it is possible for both the City and the Town to prosper, and that competition does not always mean someone must lose.

Once again, I want to thank all City employees for their hard work and good judgments, the Board of Aldermen for their sound advice and leadership, and the people of Rutland for making ours the finest community in the State of Vermont.

Report of the President of the Board of Aldermen

David W. Sagi, President

To the Citizens of the City of Rutland:

It is indeed exciting to see our city changing before our eyes. There is hardly a week or month that goes by that we can't help but notice the changes in our city. Our roads are smoother and getting better each year. Next year South and North Main Street and West Street will be paved. Our downtown is certainly coming back to life with the new T. J. Maxx opening, the nine multiplex theater opening, and a number of new stores planned. The revitalized plaza will hopefully be complete next summer. I believe the city has turned the corner, and the last eight years of work can finally be seen.

We still have a lot to do. While our accomplishments are many, we must work even harder to keep the momentum going. Projects like the plaza completion, the multi-modal transit center, the Paramount Theater, Amtrak from Whitehall to Rutland, and a new train station are just a few we are working on. New, good paying jobs must always be a top priority, and most importantly, a good education for our children.

I would like to thank Mayor Wennberg on behalf of the Board. There were many changes at the beginning of the year—due to department heads leaving—that gave us a chance to work

with Jeff to make new and creative ways to manage business in the city. Community Development, Rutland Redevelopment Authority, and Public Works Departments were reorganized to be more productive and at a savings to the taxpayers.

On behalf of the Board I would like to thank all department heads and officials. Their dedication to the citizens of Rutland is outstanding. Also to all employees who provide the needed service that give us all the opportunity to work in, play in, and live in this city. A special thanks to Rosemary Finley whose hard work and guidance keeps us going all year.

And to the Board of Aldermen who work countless hours in meetings every week. There are over 20 committees which Board members serve on. This is in addition to two regular monthly meetings every month. The committee chairs who oversee the work and call meetings and for the support you have given me, I thank you.

This city is indeed on the right track and you, the citizens of Rutland, are responsible because you gave us the chance to serve you and you believed in this city. We thank you.

RUTLAND CITY BOARD OF ALDERMEN

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

Report of the City Treasurer

R. J. Graves, City Treasurer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Treasurer's office again has completed another year in fulfilling its duties and responsibilities to the Tax Payers of the City of Rutland. Myself and staff are pleased to submit to you the annual report for the year ending June 30, 1995.

It is without question that our responsibilities are great. We in the Treasurer's office welcome our duties and hope that we have performed them diligently and foremost to the best of our ability for the Tax Payers of the City.

Our duties are widespread in nature from preparing and collecting tax bills, water and sewer rents and providing service to the general public, as well as providing fiscal support of all departments of the City.

Utmost in our duties is the accountability of the Tax Payer's dollars. This office publishes a comprehensive financial report annually under a separate cover. As presented in that report the General Fund of the City as a result of its operations has a Fund Balance or surplus of

\$354,206,81. This fund balance is directly carried over to the next fiscal year to offset what needs to be raised by taxes for that fiscal year.

The City met its debt requirements promptly during Fiscal Year 1995. The City's total Bonded Indebtedness as of June 30, 1995 is \$14,758,280.00. Interest on that debt totals \$6,015,711.25.

The City also maintains Water, Sewage Disposal, and Parking Meter Funds in addition to a number of Trust and Agency funds.

The Financial Report will be audited by an independent certified public accounting firm. The audit was designed to meet requirements of the City, State, and the Federal Single Audit Act of 1984 and related OMB Circular A-128.

The preparation of this report and the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department which is made up of the Treasurer's office and Data Processing Department.

Report of the Building Inspector/Zoning Administrator

James P. Simonds

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit to you the annual report of the activities of the Building Inspector/Zoning Administrator's office for the fiscal year ending June 30, 1995.

Our office has issued 876 Certificates of Occupancy, 5 sign permits, 42 Electrical Permits, 33 Public Hearings on Zoning issues, and a total of 222 building permits for:

122 residential renovations	\$ 923,318.00
10 new residential buildings	786,270.00
65 commercial renovations	4,232,551.00
5 new commercial buildings	2,843,000.00

In closing, I would like to thank the Mayor, Board of Aldermen, Board of Zoning Adjustment, the Planning Commission, the City Attorney, along with all the department heads and their staff for their cooperation and assistance. Additionally, I would like to thank the residents of the City of Rutland for their continued support and assistance in detecting violations that would otherwise go unnoticed.

Report of the Zoning Board of Adjustment

Stephanie Lorentz, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Zoning Board of Adjustment has again completed another year of fulfilling its duties and responsibilities in upholding the City Ordinances set before us. It is with pleasure that I hereby submit the annual report of the Zoning Board of Adjustment. The members for the fiscal year 1994-1995 included Chairperson Stephanie Lorentz, Dean Lawes, J. Donald Cross, Andrea R. Hubbard MacLauchlan, Al Trepanier, Martha Hogan Henry, Gregory Thayer, and Dr. J. Malcolm MacDonald, Member Emeritus.

Dr. J. Malcolm MacDonald retired after 30 years of service and Clifford Giffin retired after 10 years of service. Their vast years of knowledge of the history of Rutland and the City Ordinance will make them greatly missed. We wish to thank them for their dedication, hours of service, and contributions to the Commission.

During the course of the year, we held 33

public hearings for variance requests, with 26 of those being approved and 6 being denied, and 1 withdrawal.

Our obligations include determining whether or not the statutory five criteria were satisfied following a request for a variance. Public hearings are warned to give advance notice to the public to participate in the hearings. In addition to holding public hearings, we investigate and make determinations on discrepancies of the Zoning Ordinances that come through the Zoning Administrator's office and interpret the Zoning Ordinances as written.

In closing, I would like to thank the residents of the City of Rutland for their active participation in the public hearing process, Zoning Administrator Jim Simonds, Cathy Diana, and the Mayor for their continued support of our efforts.

Standing: J. Donald Cross, Albert Trepanier, Dean Lawes, Gregory Thayer

Seated: Andrea R. Hubbard MacLauchlan, Martha Hogan Henry, Stephanie Lorentz

Report of the Legal Department

Christopher P. Sullivan, City Attorney/Grand Juror
Henry C. Brislin, Assistant City Attorney

To the Board of Aldermen and Citizens of Rutland:

During this past year, substantial changes in the Legal Department have occurred. The year started with Frank Zetelski as City Attorney, Christopher Sullivan as Grand Juror and Assistant City Attorney, and Henry Brislin as Staff Attorney.

The structure of the Legal Department changed after the March elections. Frank Zetelski has returned to private practice from his position as City Attorney. This is the first time the position of City Attorney and Grand Juror has been combined. Christopher P. Sullivan was appointed as City Attorney/Grand Juror. Chris is continuing with the duties that he had performed in advising the Board of Aldermen and the other Boards of the City and has taken on the additional responsibilities of the general supervision of the Legal Department.

Henry Brislin was moved from Staff Attorney to Assistant City Attorney and continues to provide the daily legal office work for the administration, to provide legal research and drafting duties for the City Attorney, and to work through the City Attorney with the Board of Aldermen for drafting of ordinances and other requirements that the Board of Aldermen may need.

Frank Zetelski continued to provide the advice and counsel as City Attorney that his years of experience had brought to the job. His duties primarily were devoted during this time to the Downtown Redevelopment projects including dealings with NET Realty and CVPS.

The City continued with the proposed rebuilding of Spruce Street to extend from its present location into the Downtown Plaza area,

and the Staff Attorney provided assistance to the Board of Highway Commissioners in bringing about that condemnation. At present, the actions of the City are being appealed by Vermont Railway so that a final determination can be made for the requirements that will be placed upon any railroad crossings. That matter is pending both before the Vermont Transportation Board and in Rutland Superior Court.

With the advent of the Municipal Court system, the City has been doing work to amend ordinances so that they may be utilized within that Court system. The Legal Department worked closely with the Board of Aldermen, the City School Board, and school officials in passing a new "Safe Schools Ordinance". This is an ordinance utilizing the new civil ticket to help the schools provide a safe drug-free and alcohol-free environment in the schools to aid in providing the best educational experience for our students.

The Legal Office has also continued to provide support to the Police Department and the Treasurer's Office in regard to parking tickets. An ordinance was passed by the Board of Aldermen allowing for use of a "boot" which will immobilize vehicles that belong to owners who have eight or more outstanding parking tickets. While the boot has not been used to any large degree, it has proven its effectiveness in collecting outstanding tickets and in getting payment made for these outstanding tickets.

The Department of Public Works Union Contract Negotiations is still ongoing, but an agreement was reached with the City Police Department for their contract bringing about changes that both parties felt were important.

Office of the City Clerk

Rosemary F. Finley, C.M.C, City Clerk

To the Citizens of the City of Rutland:

The following is the report of the office of City Clerk for the year ending June 30, 1995.

LAND RECORDS:

6,795 pages of land records were recorded and microfilmed.

VAULT RESEARCH:

During the year 2,395 people signed into the City Clerk's vault to do research in our land records and vital records.

VITAL RECORDS (Calendar Year 1994):

Births (799 Total):

- 229 Resident Births
- 570 Non-resident Births

Deaths (446 Total):

- 208 Resident Deaths
- 238 Non-resident Deaths

Marriages (215 Total):

LICENSES:

Licenses issued to date for the current license year are as follows:

- 58 First Class Beverage Licenses
- 33 Second Class Beverage Licenses
- 67 Tobacco Licenses
- 1,145 Dog Licenses
 - 1 Bowling Alley (32 Lanes)
 - 1 Circus
- 21 Coin Machine (covering 56 games or video machines)
- 3 Fair Licenses
- 3 Multiple Fair Activities Licenses
- 10 Hotel/Motel/Inn
- 18 Peddler/Solicitor
- 21 Pool Table
- 105 Restaurants and Victualing Establishments
 - 1 Rodeo
 - 7 Taxi/Limousine (covering 16 vehicles)
 - 1 Theater
 - 1 Transient Merchant

ELECTIONS:

September 1994, Primary Election

Eligible voters: 11,103; 2,018 ballots counted; 1, 267 Democrat, 742 Republican and 9 Liberty Union.

November 1994, General Election

Eligible voters: 11,376; 6,142 ballots counted. Voters approved an advisory question to utilize one purchasing agent for City Schools and City Government and authorized \$850,000 in revenue bonds for the development of a Multi-Modal Transit Center.

March 1995, Annual City Election

Eligible voters: 11,363; 4,941 ballots counted. The following officers were elected:

Mayor: Jeffrey Wennberg
City Treasurer: Ronald Graves
City Assessor: Barry Keefe
Aldermen:

Barry Beauchamp, John Cassarino, Paul Clifford, Christopher Louras, Robert Stafford, Wendy Wilton

School Commissioners:

Ted Lindgren, Charles McCullough, Nancy Mulcahey.

Voters approved funding for the following agencies:

Adult Basic Education	\$ 9,000
Regional Ambulance	109,380
Rutland Area Hospice	8,000
Rutland Area Visiting Nurses	35,000
Rutland County Women's Network & Shelter	10,000
Programs for the Aging:	
One to One	6,000
RSVP	8,475
Council on Aging	20,000
Interage	2,500

Voters denied funding to Bennington-Rutland Opportunity Council; Marble Valley Regional Transit District; and Rutland County-ARC (formerly Association for Retarded Citizens).

Voters approved a Legislative Resolution to give Congress and the States the power to prohibit physical desecration of the United States Flag.

ORDINANCE AMENDMENTS

The Board of Aldermen adopted the following ordinance amendments:

- | | | | |
|---------|---|---------|--|
| No. 181 | Title 27: Chapter 2, Immobilization and Impoundment of Motor Vehicles ("Boot" Ordinance). | No. 184 | Title 27: §4701-4714: Parking Meter Ordinance. |
| No. 182 | Title 25: Streets, Highways and Public Places, §4459 prohibiting tampering with the "Boot". | No. 185 | Title 11: Business Licenses and Regulations, amended generally. |
| No. 183 | Title 25: Streets, Highways and Public Places, §4470 Violations and Penalties. | No. 186 | Repeal of Chapter 11 of Title 17: Milk, Cream and Milk Products. |
| | | No. 187 | Title 25: §4610-4614: "Safe Schools Ordinance"... |

Emergency Management Report

Ira I Earle III, Director, Emergency Management

To the Honorable City Council and Citizens of Rutland:

I respectfully submit the Annual Report for the Department of Emergency Management for the fiscal year ending June 30, 1995.

Throughout the time from July of 1994-June 1995 the Department was called on for many different types of emergencies most usually for helping citizens of house fires to locate shelter and clothing as needed. However, there were several unusual emergencies during this period that gave this department an opportunity to more fully use its resources, such as the carbon monoxide detector and the emergency operations plan. The plan was activated on several occasions for spills or releases of hazardous materials and some large scale fires.

The past winter the Mayor's Emergency Fuel fund was used less than previous years due to the relatively warm heating season. This fund, through the generous contributions of the area Ecumenical Council, fuel dealers and others were able to help thirty-six (36) families through the heating season.

As a result of the warmer winter season, melting and water run-off was at a minimum therefore the threat of flooding was minimal, however some of the lower lands were covered by water.

As safety director for the City of Rutland some new programs have been started. We have formed a safety committee, which includes members of both labor and management from all departments in city government. This committee meets regularly on a monthly basis. The goal is to make "safety always first." Several safety seminars were held throughout the year.

This office has worked with the Vermont Emergency Management and the EPA to obtain training for the emergency services agencies. Several emergency service schools were held for

the police, fire and DPW such as Haz-Mat awareness, CAMEO (computer-aided management of emergency operations), bloodborn pathogens, confined space entry and others, which are mandated by federal law. As these classes or courses become more available, this office will continue to help emergency departments in our area in sending personnel, to maintain top grade emergency response personnel. As director of emergency management, I have attended several emergency management schools and seminars throughout the year which are mandatory for the city to maintain EMA status.

In conclusion, the office of emergency management has worked with other agencies in controlling emergency situations such as spills and releases of hazardous materials, fires, and natural disasters. Some of the agencies involved were CVPS, Red Cross, Salvation Army, BROCC, GE and the petroleum dealers. Thank you for your resources and assistance.

Rutland Fire Department

Gerald T. Lloyd, Chief Engineer

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

I respectfully submit the annual report for the City of Rutland Fire Department for the fiscal year June 30, 1994 through July 1, 1995.

During the past year your fire department responded to a total of 658 emergency fire calls, 80 heavy rescue and extrication calls, 1,302 citizen assistance calls, and 72 hazardous materials incidents, that were all handled with no negative effect on the environment or to the citizens of this community.

Approximately 1,200 hours were spent maintaining the traffic lights, traffic signaling devices, and the city fire alarm system. The department also conducted 40 electrical inspections and assisted the Vermont State Department of Labor and Industry and Rutland City Building Inspector James Simons in conducting 146 building inspections for the purpose of correcting violations of the Life Safety and B.O.C.A. Codes.

Fire pre-planning was conducted at the Rutland Regional Medical Center, and several community care centers, and all information from the inspections was entered into our central computer system.

Prior to the start of the school year, inspections were conducted at all city education facilities, and a minimum of nine fire drills were conducted at each school during the past fiscal year.

Our department responded to four General Alarm fires. The first fire took place on November 13, 1994, at 20 East Washington Street. This fire caused extensive damage to the third floor of the structure. This building is presently being renovated, with occupancy expected sometime in November of 1995. We also responded to a general alarm fire on January 19, 1995, in Mendon; at 165 State Street on January 22, 1995; then again at 51 Wales Street on May 26, 1995.

We had four ten-man call-back alarms for working fires in structures located in the city, and a forest fire in the Town of Mendon that posed a threat to the city forest area surrounding our watershed.

The most serious of our fires during the past year took place at the historic Eagles Building, located at the corner of Wales and Center Streets. This early morning fire was discovered at approx-

imately 0355 hours, by employees of the Rutland City Department of Public Works while they were in the process of flushing hydrants in the early morning hours. When the fire department arrived, the fire was free burning, and had vented itself from the second and third floors of the structure.

Although this was a very serious fire and there was a possibility that the fire could extend to adjacent buildings in the downtown area, your firefighters were able to contain the fire to the building of origin.

It took firefighters approximately one hour to bring this blaze under control and the department remained on the scene for several hours to insure that the fire did not rekindle.

The cause of the fire, which was determined to be accidental, was due to a malfunction of the electrical distribution system.

Six firefighters were injured while battling this blaze, but no members received serious injuries, and all have returned to full duty.

Mutual Aid assistance was provided by the Pittsford Volunteer Fire Department, Proctor Volunteer Fire Department, Rutland Town Fire Department, and the Clarendon Volunteer Fire Department. This department is extremely grateful to the members of the Rutland County Mutual Aid Association who provided assistance to our organization during this very serious incident.

The structural integrity of the building has been evaluated by engineering contractors, and a determination is expected in the near future as to future plans for this historic site. The members of Fraternal Order of Eagles have temporarily relocated their club facility in the Opera House on Merchants Row while their plans are being reviewed.

The past winter was relatively mild, which resulted in a decline in woodstove and chimney fires, and this department suffered no serious damage to its firefighting equipment or vehicles during the past fiscal year. Once again, this year the American Legion Post 31 provided a generous donation in the amount of \$1,000.00 in the name of the late Chief Alfred H. Koltonski. This donation was used to purchase educational equipment, and to supplement our ongoing training and safety programs within the department. The members

of this organization would like to thank the membership of Post 31 for its support and generous contributions, that they have made during the past tens years.

Our ongoing training and safety programs have continued, and most members of this department have recently completed Unit 4 of the required State of Vermont Fire Training Council education standards. The Operations Level for Hazardous Materials Response and the Incident Command System training programs have been approved by the training council, and this training will be made available to the members of this department during the next fiscal year. Unit 5 of the required training is scheduled to commence in January of 1996, and will be completed by February 15, 1996. All officers of this department have been certified in Incident Command System training, and this same training will be made available to all members of this department during the next fiscal year.

Our ongoing fire education and safety programs, under the direction of Capt. Gary Gregorio and Lt. Michael Walsh, was once again provided to all students in grades K through four who are enrolled in the Rutland City School system. These programs were developed by the officers and members of this department in an effort to provide a safe home environment and safe fire procedures while attending our school facilities. Approxi-

mately 100 tours were provided to local school children and students from educational facilities outside the City of Rutland.

For the second year, members of this department have participated in the firefighters Combat Challenge, held at Marlborough, Massachusetts. Firefighters from both New England and Canada competed in this competition, which is designed to test the physical endurance and agility requirements that are expected of firefighters who now face the challenge of modern day firefighting procedures. During the first competition, our members finished 13th overall, and improved their place in the competition this year to 5th place out of 23 New England teams. The members of this department continue to train throughout the year hoping to improve their skills so that they can compete in the national competition scheduled for June of 1996. We would like to thank the management and tenants of Sheldon Towers who provided the training facilities to the members of this combat challenge team, so that they could continue to train and improve their skills.

I wish to thank the members of this department, Mayor Jeffrey Wennberg, the members of our City Council, and other department heads for the cooperation and assistance during the past year.

Report of the Purchasing Agent

Susan O. Eckhardt, Purchasing Agent

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

This office has been very busy assisting departments in procuring quality products at the lowest possible prices. Increasing vendor participation and competition has helped create better buying opportunities.

During fiscal year 1995 the Purchasing Office approved 3,017 Purchase Orders. They were issued as follows:

- 1210 Department of Public Works
- 744 Recreation Department
- 342 Fire Department
- 325 Police Department
- 100 Building & Zoning
- 97 Treasurer's Office
- 63 City Clerk's Office
- 52 Attorney's Office
- 25 Mayor's Office
- 24 Emergency Management
- 14 Community Development
- 12 Health
- 5 Purchasing
- 3 Assessor's Office
- 1 Rutland Redevelopment Authority

The department also issued Invitations to Bid for 72 different items ranging from Acetylene to Zinc Orthophosphate.

Whenever it will provide savings to the City, the State of Vermont Purchasing Department extends its bids and joint bidding is done with the Rutland City School Department. The list of items includes lightbulbs, tires, highway materials,

janitorial supplies, No. 2 Fuel Oil, Propane, Kerosene, copier paper, and Photo Copier Contracts.

This year Purchasing has been involved in compiling information for the Rutland Region Inter-municipal Purchasing Compact along with area towns, schools and private businesses to pool our resources and increase our buying power. The joint purchasing of fuel oil, highway materials, copier paper and janitorial supplies could save everyone money.

I would like to thank the Board of Aldermen, Mayor Wennberg, and Treasurer Graves for their continued interest and support of more progressive financial management, the department heads and personnel for their constant cooperation, assistance, and input, and a special thank you to Rosemary Finley for seven years of guidance and inspiration.

Planning Commission

C. Austin Burbank, Chairperson
Jim Pell, Nancy Beauchamp, Kathleen Valente, Carolyn Baker,
John Hock, Jack Facey, Theodore Robare, Michael Donahue

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

Our business was fairly typical for the 94-95 fiscal year. We are still in the process of revising the new zoning ordinance and hope to have this completed and submitted to the Board of Aldermen for their review. Hearings will then be scheduled for public comment and input. We thank Thomas L. Donahue for his contributions in getting the Draft of the proposed Zoning Ordinance completed. Tom has since resigned his post as City Planner and we wish him well in his new position as Director of the Rutland Region Chamber of Commerce.

The Planning Commission has appointed a sub-committee to establish possible requirements and factors to be considered for a Historic Preservation district. This sub-committee is discussing the need for a Certified Local Government Program which will support the preservation efforts in the community. A new ordinance has been approved by the Planning Commission and forwarded to the Aldermen. The subcommittee is comprised of three Planning Commission members and six persons with technical expertise or interest in preservation issues.

We conducted Public Hearings on 3 subdivision requests, 3 development review issues and 1 appeal. The Planning Commission meets on the 1st and 3rd Wednesdays at 7:00 p.m. as needed, in Aldermanic Chambers.

Board membership changed with the resignation of Joseph Gallagher and Kevin Smith. We

thank them for their dedication, hours of service, and contributions to the Commission.

We wish to thank His Honor Mayor Wennberg, the Board of Aldermen, City Attorney Christopher Sullivan, Zoning Administrator Jim Simonds and Secretary Cathy Diana for their assistance and cooperation at all times. We also thank the citizens who attended our public hearings and offered help.

Historic Preservation Committee

Jack Facey, Chairman

Since May 1993, the Planning Commission, through its Historic Preservation Advisory Group, has been investigating matters pertinent to the City regarding historic preservation. The advisory group is composed of three Planning Commission members and six persons with expertise and interest in preservation issues.

In November 1994, the Planning Commission approved the advisory group's recommendation that Rutland City apply for participation in the Certified Local Government Program, administered by the Vermont Division of Historic Preservation. This program is designed to create a partnership between the City, State Historic Preservation Office and the National Park Service to support preservation efforts in our community. Benefits of participation include access to federal match funding and the formalization of preservation activities as a role of municipal government.

In December, 1994, information on the CLG package was forwarded to the Board of Aldermen for their review and we are presently awaiting their approval of the program and authorization to move forward.

PLANNING COMMISSION COMMITTEE

Front Row: Kathleen Valente, Austin Burbank, Nancy Beauchamp
Back Row: James Pell, Michael Donahue, Theodore Robare, Jack Facey

Health Officer

Pamela J. Petrie, Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Health Officer for the fiscal year ending June 30, 1995.

The Board of Health consists of Robert Beauchamp, R. Ph., Ernest Bove, M.D., and Gordon B. Smith, M.D. This board acts in a supportive role by assisting and advising the Health Officer in matters regarding public health.

Throughout this past year, both the Health Officer and the Board of Health have been kept fully apprised of the weekly testing of City water through the cooperation of the water treatment manager. The water remains consistently in compliance with all State and Federal water quality standards.

This past year was an extremely busy year with public health nuisance allegations requiring investigation. The disposition of garbage was, as usual, the most common allegation. Appropriate citations were issued when necessary to those violating the City Ordinances and in some instances, help was needed from the Vermont Department of Health or other City Departments to resolve some of these issues.

The rabies threat is now very close to us so we should all be taking the necessary precautions by knowing how to protect ourselves from rabies.

- Do not touch or pick up wild animals or strays, even baby animals. Do not try to feed them or make them into pets.
- Make sure all family pets are vaccinated for rabies and that those shots are kept up-to-date. Vaccines start protecting dogs and cats about a month after they get the shot.
- Report unknown or strangely behaving animals to the City Animal Control Officer. If it is a wild animal, contact your local game warden.
- Do not make your yard inviting to wild animals. Feed your pets inside the house.

- Properly dispose of all refuse in trash receptacles with tight fitting lids. Raccoon-proof your compost.
- Keep your pets indoors at night. If they are out during the day, keep them on a leash or in a closed space. Pets that roam freely are more likely to get rabies.
- Wear protective gloves when handling a pet that has been involved with a wild or stray animal.

Remember, the best prevention is to avoid exposure. Stay away from wild or stray animals and be sure to vaccinate your pets.

On behalf of the Board of Health and myself, I would like to thank Mayor Wennberg, the Board of Aldermen, all City Department Heads, and their personnel for their continued support. In closing, I would again like to thank the many concerned citizens of this city for their assistance, cooperation and support, for without their help, many of the health issues would go unresolved.

City Assessor's Office

Barry J. Keefe, City Assessor

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 1995.

The Grand List at April 1, 1995 totaled \$698,711,846.00, an increase of \$14 million over the 1994 Grand List. The City is experiencing steady growth in the Grand List due to a renewed confidence in the marketplace to make investment in our fine City. It is pleasing to note that the \$22 million increase over the past two years is spread over the spectrum of residential improvements to a renewed confidence in the business sector. In short, our growth is sustained and not reliant on only a few hefty projects.

Our office is well into the process of analyzing data for Vermont Department of Taxes, Division of Property Valuation and Review for the

1995 equalization ratio study. As of this writing, our ratio of listed values to sales is looking very favorable in meeting the stated goal of 100 percent.

I would like to take this opportunity to thank the taxpayers for their patience and understanding and also the offices of The Treasurer, City Clerk, Building Inspector, and Data Processing for their cooperation and assistance, and finally to the Mayor and those members of the Board of Civil Authority who worked so diligently and capably this past year.

In closing, I wish to thank my associate, Margaret "Peg" Cillo. Peg always contributes, works hard, and is true to our goal in this office, to treat every citizen with equal respect.

Police Department

Robert R. Holmes, Chief of Police

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

It is again my pleasure to submit the Rutland City Police Department Annual Report to Mayor Jeffrey Wennberg, to the Honorable Board of Aldermen, and to the Citizens of the City of Rutland.

Last year, FY 1993-94, marked the fourth consecutive year the Police Department experienced a reduction in force due to economic adversity. Consequently, we began FY 1994-95 with only 35 sworn officer positions authorized. Fortunately, however, we were awarded a federal grant from the Department of Justice COPS Program which provides for 75% of the cost for two additional officers. This grant allowed us to begin two new programs, and increased our force to 37 sworn officers and 8 civilian positions.

The two new programs consisted of a Community Policing Coordinator position and a Child Abuse/Family Violence Investigator position. Officer Bob Gorruso was selected as the Community Policing Coordinator and Officer T. J. Anderson was selected for the Child Abuse/Family Violence Investigator position. The two vacancies in patrol created by these new positions were filled by reappointment of Officer David LaChance and appointment of Special Officer Mark Perkins to full-time police officer.

Through an agreement with the Rutland Housing Authority, a Community Policing satellite office was housed in the Forest Park Community Building at no additional cost to the

Police Department. The Housing Authority provided the office space and equipment.

FY 1994-95 statistically reflected a 12.4% increase in Part I crimes from the previous year and a 2.7% increase in Part II crimes. Total crimes reported were up 6.4%. Criminal arrests were up 6.5%. Traffic accidents were reduced 4.5% with only one fatality. Personal injury accidents were down 13%.

Citizen complaints reference officer misconduct were up 23% from 13 to 16 and commendations received from citizens were up 25% from 28 to 35.

Considering the reduction in force which has occurred in the Police Department over the past four years and national and state crime trends, these statistics are not bad. The number of crimes occurring in Rutland during FY1994-95 remained 36.4% less than in FY 1990-91, five years ago.

For a police department with diminishing resources to sustain a high level of service and continuously influence a reduction in crime over a four-year period is remarkable. It has been accomplished primarily through the dedicated effort of every employee for which I am extremely proud and grateful.

I also extend my sincere thanks to Chairman R. Richard Smith and the Rutland Police Commission for their tremendous support and leadership, and to Mayor Wennberg and the members of the Board of Aldermen for their continued support and assistance throughout the years.

Department of Public Works

Warren E. Conner, Commissioner of Public Works

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 1994-95.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. Among them are day to day maintenance of City Streets, Sewer Collection Mains and Water Distribution Mains, the Wastewater Treatment Plant, the area comprising the City's Watershed and the Water Treatment Plant. In addition, the Department responds to citizen complaints on a daily basis and emer-

gency situations on a 24-hour basis. Citizens are reminded to contact the Police Department for emergency situations when the Department's business office is closed.

A special note of thanks is extended to the Public Works employees, Mayor, Board of Aldermen and Citizens of Rutland who have assisted the department.

The Department of Public Works should and will continue to serve the Citizens of the City of Rutland to the best of its ability.

Engineering

Warren E. Conner, P.E., L.S., City Engineer

Alan Shelvey, P.E., L.S., Assistant City Engineer

The Engineering Division under the direction of City Engineer Warren Conner provided engineering and technical services for each division of this Department and for all other Departments within City government.

As part of these services the Engineering Division compiles and constantly updates plans and records of the water distribution system, sanitary and stormwater sewer systems, water and sewage treatment facilities, and the city street system. City utilities are located and marked out as requested for the benefit of contractors, property owners and others performing work that may impact those utilities.

The Division also reviews and oversees technical designs and specifications for city projects let out to bid, and for streets and utilities built by developers which are to be taken over by the city upon completion. In addition, the Division reviews all developments in the city's watershed.

Contracts, easements, deeds and other documents required for the completion of various City projects are prepared by this Division in conjunction with the Office of the City Attorney.

The Engineering Division is working closely with the Office of the City Attorney in assisting the Commissioner in developing Water Regula-

tions which will provide clear rules and guidelines concerning the operation and management of the City's water system and watershed.

The ongoing groundwater quality monitoring in the vicinity of the former City landfill is another responsibility of this Division.

As this report is written, construction of the new Slow Sand Filter Water Treatment Facility is nearing completion. After an extended period of start up, testing and monitoring, the plant is expected to be fully operational by October 1st of 1995.

The project was designed by Wright Engineering, Ltd. of Rutland. The general construction contractor is T. Buck Construction of Bridgeton, Maine, with significant subcontractor work by The Beldon Company of Rutland. The projected final construction cost is \$6,150,000.00. Funding for this project is provided as follows: 35% State and 65% City funds paid exclusively through water rates.

This Division continues to work closely with the Administration, the Rutland Redevelopment Authority, Rutland School System, Marble Valley Regional Transit District, State of Vermont, and various consultants and contractors on several exciting projects, both public and private, such as: the traffic circulation and signalization study; South Main Street widening; North Main Street

Storm Sewer; Spruce Street Extension and storm sewer project; continued improvements to the Downtown Plaza, parking facility improvements and the West Street Parking Garage and Transit Center.

In addition to projects within the City, we have worked cooperatively with the Town of Rutland on several projects which involved the use of City water and/or sewer services. Among them are: the "South Side Sewer" in the Rand-bury Road-South Main Street area; the "North End Sewer" serving North Main Street, the Post Road area and the Town Elementary School; the

Town waste recycling center; The Diamond Run Mall; Red Lobster and the expansion of the Green Mountain Plaza on South Main Street. The completion of these projects provide benefits to the greater Rutland area as well as increase our water and sewer revenues.

The Division reviewed 225 building permits in conjunction with the Building Inspector's office.

The Engineering Staff consists of Warren Conner, Alan Shelvey, John Havens and Peter Kelley, who, together, represent over 80 years of service to the City.

City Forest and City Ornamental Trees

David Richards, City Forester

The City Forester is in charge of all forestry work including management of the city's ornamental trees and the 4,000 acres of the city forest in the watershed.

The sale of all timber in the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustained yields of usable water. Timber sales include sawlogs, firewood, and pulpwood. Sales are marked out so as to improve the timber stand which remains while providing income for the City. Trees over 8" in diameter at breast height which do not promise to develop into sawtimber quality stems are removed. Large straight trees are left to become more valuable and to provide genetically superior seedlings.

The Vo-Tech School's forestry program continues to use the Rutland City Forest to train students in logging techniques.

During the year the Vo-Tech School had two major projects on city land:

1. They thinned a two (2) acre Red Pine stand and underplanted with White Pine seedlings.
2. They clear-cut a four (4) acre area of low quality hardwood and planted White Pine seedlings.

A portable band saw mill was donated to the Vo-Tech Forestry Program this year. They plan to construct a building to house the mill at the Stafford Technical Center. This means they will be able to saw up the logs they cut from the city forest into boards.

There were three (3) timber sales sold on City forest land during the year, the name of the sale, the contractor and the amount of money to be paid are as follows:

Eddy Brook Timber Sale	
Reese Pedro	\$19,260.00
Brewer Corner Spruce Sale	
Shawn Poczobut	\$14,800.00
Wheelerville Road Softwood Sale	
Reese Pedro	\$10,546.60

In addition, there are three (3) other active timber sales on the watershed from previous years.

All money received from timber sales goes into the water fund.

Under the City's ornamental tree program we have tried to maintain the beauty of our City by properly caring for our trees. This includes removal of dead and dying trees, removal of dead limbs, installing metal cables or metal rods to prevent splitting, removing low hanging limbs for street and sidewalk clearance, fertilizing trees and planting new trees.

The City of Rutland received the honor of being named "1994 Tree City USA". To receive the award a city or town must meet the following criteria:

1. A Tree Commission or similar Department with legal status which implements an annual work plan to care for and maintain the community's trees.
2. A Tree Ordinance.
3. A Community Forestry program.
4. An Arbor Day Observance or proclamation.

The City applied for and received the following tree grants during the fiscal year:

A. Money to plant a 3" caliper Crimson Cloud Hawthorn on Court Street in front of the library.

B. Funds to help plant twenty-five (25) 2½" caliper trees on East Street.

C. A grant to plant seventy-five (75) trees along the streets of Rutland (later funding was withdrawn from the project).

D. A grant to plant thirty-nine (39) trees in Main Street Park, Whites Playground, Madison/Prospect Minipark and other parks managed by the Recreation Department (later funding was withdrawn from the project).

E. Funds to help establish a shade tree nursery,

The City's newly established Shade Tree Nursery is located out back of McDonald's Restaurant on Route 4 east (Woodstock Avenue). The nursery is a joint venture between the Vo-Tech School Forestry Program and the City Forester.

Three hundred and eight (308) trees approximately four (4) feet in height were planted at the nursery this spring. There were ten (10) different varieties of trees used. We will start planting the trees along city streets in about five (5) years.

During the fiscal year twenty-five (25) trees were removed from city streets. One hundred forty-two (142) were planted, and six hundred eight (608) received tree maintenance.

Streets Division

Paul Julius, Foreman

Hot Mix Paving Program:

Hot mix paving of the selected streets totaling over \$390,000.00 put in place by Wilk Paving. The streets paved or portions of were:

Lincoln Avenue • Crescent Street • Phillips Street • Giorgetti Blvd. • Cardinal Place • Clement Road • Cramton Avenue • Prospect Street • Dorr Drive • Library Avenue • Elm Street • Kendall Avenue • Franklin Street • Granger Street • Post Street • Howard Avenue • Piedmont Parkway • Birchwood Avenue • Hillpond Road • Sharon Drive • Victor Place • Brightview Avenue • Horton Street • East Street • Wales Street • Wallace Avenue • Godnick Center • River Street • Cleveland Avenue • West Street • North Main Street • Washington Street • Roberts Avenue • Stratton Road.

The Streets Department also installed approximately 2,900 feet of concrete curbs and side-

walks, as well as approximately 350 feet of granite curbing.

They also installed 25 ADA ramps. The Department responds to calls from the Police and the public for filling holes, cleaning basin tops, and to cut brush and trees due to storm damage.

The Department also puts out barricades and stands for parades, special events, and election booths for all elections.

The Streets Department also maintains the City parking deck.

Snow and Ice Removal

The snow crews again put forth an admirable effort on behalf of the citizens of the City to keep streets and sidewalks open for schools, business, and pleasure.

Total winter costs were \$141,670.65. Our deicer materials were supplied by Cargill Salt, Inc. and winter sand by J. P. Carrara & Sons.

Wastewater Treatment Division

G. Lewis Hotaling, Chief Operator

Michael J. Garofano, Laboratory Director

Over the past year the Wastewater Treatment Facility recycled a total of 1,535,200,000 gallons of water.

The following chemicals were used to aid in the treatment process:

Ferric Chloride (for Phosphorus removal)	112,504 gal.
Sodium Hypochlorite (for disinfection)	38,657 gal.
Sodium Bi-Sulfite (for dechlorination)	24,459 gal.

The Treatment Plant consumed 1,749,000 kilowatt hours of electricity.

Materials removed from the waste stream included:

Grit, Sand, and Gravel	86.5 cu. yds.
Raw Sludge	7,217,526 gal.
Secondary Sludge	20,070,421 gal.

This Facility operated within the conditions of the discharge permit throughout the year.

In addition to operational activities, preventative maintenance and equipment repair or replacement are the major activities that take place at the Treatment Plant. Some of the larger tasks that were accomplished this year include:

- Cleaning and re-piping of Digester #3 and the Secondary Digester.
- Replacement of the last two pumps at the River Street Pump Station.
- Replacement of the Motor Controller for Sludge Return Pump #2.
- Roof replacement of both River Street and Door Drive Pump Stations.
- Installed catch basin on East lawn.
- Re-laid 18-inch air header pipe to North Aeration tank.

We extend our sincere appreciation for the assistance and cooperation extended to us by the other divisions in the DPW, the Mayor, Commissioner, and the Board of Aldermen.

Water Distribution Division

Bruce Matt, Water Distribution Manager (retired)

Robert Harvey, Foreman

Water Maintenance Specialists:

James Lawrence
Kevin Schaner
William Franzoni

<i>Truck Driver:</i>	<i>Heavy Equipment Operator:</i>
Lawrence Hall	Donald Roberts

<i>Meter Readers:</i>	<i>Records Clerk:</i>
Richard Battles	Thomas Crosby
Bruce Taylor	

Fire Hydrants:

The Water Distribution Division flushed all the hydrants (545 of them) that are within the City limits. In order to keep the dirty water at a minimum, flushing occurred at night. We were able to reduce our dirty water and low water pressure complaints by 95%.

Meters:

There are approximately 5,000 meters that are read every quarter along with quarterly checks of high billing complaints, repairs, installations, etc.

The Division is beginning a process to seal all water meters avoiding any possible tampering. This will take considerable time but hope to have it completed within the 1996-97 fiscal year.

At this time this Division would like to thank Bruce Matt for his service with the City for over twenty-seven years. We all wish him luck in the future; he will be greatly missed.

I would like to also thank the employees in the Water Distribution Division for the support and dedication during this past year in making this Division run as smoothly as possible during the interim of appointing a new Water Distribution Manager.

Water Treatment Division

Bernard Congdon, Water Treatment Manager
Scott Taggart, Asst. Water Treatment Manager

Work on the Rutland City Slow Sand Water Filtration Facility is still in progress with an estimated completion date of the fall of 1995. The facility, upon completion, will be one of the largest slow sand plants recently constructed in the United States. The city chose to use slow sand technology because of the low operation and maintenance costs. Slow sand facilities are larger and therefore more costly to construct than other types of filtration facilities but those plants require an operator to be on duty 24 hours a day, the City's plant can be operated on one shift a day.

In this new facility there are three filters that have a total filter area of 50,500 square feet. There is about 1.5 million pounds of reinforcing steel and 6,300 cubic yards of concrete in this facility. The main component of the filter

is the sand, which is from a special deposit that is located in Slaterville, Rhode Island. There will be a total of 5,000 cubic yards of this sand installed in this facility. Another cost saving with this facility is that there is no need for pumps to pump the water to the city. The entire system is run by gravity.

This last year there was a total of 897,890,000 gallons of water treated for use for the City, approximately 2,460,000 gallons for an average daily use. The water is treated with chlorine for disinfection, hydrofluosilicic acid (fluoride), and zinc-orthophosphate for corrosion control.

This division would like to thank Mike Garafano, Laboratory Director, for all of his help throughout this last year.

Wastewater Collection Branch

James Ward, Chief

The Wastewater Collection Branch has completed the following work for fiscal year 1994-1995 with the following employees:

Sewer Specialists:

Steve Davine
Tyler Earle
Robert T. Tyler, Sr.
Fred Wood

Backhoe Operators:

Thomas Brown and William Santwire

Cleaning sewers, maintaining and cleaning basins with Vaccon. Snow removal and sanding for Street Division.

Rutland Recreation & Parks Department

Leif E. Dahlin, Superintendent

To the Honorable City Council and Citizens of Rutland:

What a year it has been! In case you have not heard, we have moved! Thanks to the Rutland City Board of Aldermen, Mayor Jeffrey Wennberg, City Treasurer Ron Graves, City Attorney Chris Sullivan, Dr. Richard Brothers, David Wolk, the Rutland City School Board Commissioners, and numerous other individuals, the Recreation and Parks Department is now located in the former Dana Elementary School. We are now calling it the Dana Recreation Center. I will never be able to adequately thank all parties involved in orchestrating the move to Dana. It is our sincere desire to provide the best possible programs and more programs as a result of this move. Thank you everyone for making this possible.

My first year in Rutland is a year that I will never forget! The memorable situations we found ourselves in are too numerous to mention. More important than the situations we found ourselves in, is recognizing and thanking those who got us through some rather challenging times.

Within the Recreation and Parks Department, literally every staff person full and part-time must be thanked. Betty Mumford and Bill Reardon, who are the backbone of this department, truly performed above and beyond the call of duty. They rolled with every curve we had thrown at us, as well as those I threw, and they responded positively and met the challenge head on. Additionally, Lou Illinski, Keith Litts, Steve "Duke" Canney, Bill Holland, Lori Manning, Jeff Pratt, Ed Griffiths, and Bob Peterson are to be recognized and thanked for their patience and assistance.

Externally, there are oh so many individuals to thank. As previously mentioned, the Board of Aldermen, the Mayor, City staff and School staff again must be recognized. Thanks to the willingness and cooperation of the two respective boards, we made significant headway this year. I look forward to continuing these types of synergistic relationships.

Most important, I must thank all of the individuals, City residents, and Civics group who not only assisted physically, but were also there

to provide moral support. Thank you to all Rutland City residents, your patience is appreciated.

With that said, it is time to get on with the business of operating a Recreation and Parks Department. We are here to serve you to the best of our ability. Know that our door is open to you to come in and share concerns, make suggestions or get involved. You are the Recreation and Parks Department. So to speak, you are the chairman of the Board and we are here to serve you to the best of our ability given the resources available to us. This does not mean we can do everything you would like. There are limitations.

I was hired to do more than just maintain the status quo. Rather, I was privileged to join you in assessing the current and future needs of your Department. In doing just that there are changes you may disagree with. Please feel free to call me out on any change and allow me the opportunity to provide a justification. We are always looking for new and different ideas; don't hesitate to stop by and share.

Volunteers are perhaps the single most important ingredient to the current and further success of your department. Without volunteers, this department could not survive! Thanks goes to all of your youth coaches and other volunteers in the baseball, soccer, basketball, football, swim team, Halloween parade, special events and every other special endeavor where a volunteer has been involved. Sponsors additionally make a program so much more successful. Fearful I might miss a sponsor, I dare not list every business and individual who had financially contributed to our programs and special events. Thank you each and every sponsor. Service clubs are the epitome of community spirit. Thank you each and every service club. I believe just about every service club in Rutland has been involved with this department. You truly make a difference in so many positive ways. What you ultimately do is make the quality of life in Rutland that much better for everyone who lives here.

Your Recreation and Parks Department is truly blessed with many willing and extremely

RECREATION & PARKS DEPARTMENT STAFF

Back Row: Steve Marro, Steve Canney, Ed Griffiths, Keith Litts, Bob Peterson, Lori Manning, Superintendent Leif Dahlin, and Elizabeth Mumford

Front Row: Amy Duprey, Jessica Welch, Bill Reardon, and Pam Monder

competent seasonal and part-time staff. To each and every part-time staff person, you also need to know just how much we value you and your time. You make a difference in the many lives you encounter along the way. Thank you.

Finally an era has come to close. Two major assets were lost this past year. First, is the retirement of Mr. Cioffredi. Mr. Cioffredi had 34 years of complete and total dedication to the residents of Rutland City. I look at what he accomplished during his tenure and I am humbled, and hope to accomplish just a fraction of what

he was able to bring to Rutland. It is all too evident he strove to provide the very best for you! He is truly a remarkable man and was the best possible public servant. It is a privilege to follow in his footsteps! Secondly, the Lawrence Recreation Center was closed in September of 1994. This facility provided many leisure-time activities to residents since 1962. It served the City well; however, its time has come to perform another function for the City. The Lawrence Recreation Center will be sold in the near future.

FACILITIES

Dana Recreation Center

39 East Center St.

Phone 773-1822

Department Offices, Meeting Rooms, and Gymnasium.

Godnick Senior/Adult Center

Board of School Commissioners

Dr. Michael R. Dick, President, Board of School Commissioners

Dr. W. Richard Brothers, Superintendent of Schools

To the Citizens of the City of Rutland:

The 1995-1996 school year was marked by the total reorganization of the elementary schools. The plan's keystone was turning the former high school into an Intermediate School serving grades 3 through 6.

This was accomplished by devoting most of last school year and the summer to renovating the 65-year-old building on Library Avenue, once the decision was made by the School Commissioners to consolidate the elementary programs. An attractive interior color design was created by volunteer parent Maureen White. The design produced a very pleasing, comfortable feeling inside the building. New carpeting, dropped ceilings and renovated bathrooms were among the other major changes in the overall project.

The remaining grades, Kindergarten through 2, were organized under this plan into two buildings, Northeast and Northwest. These schools are approximately the same size and share the student population in those three grades.

Each elementary building is organized around a cluster or team of teachers serving a small, defined group of children. This will allow for a strong identity with the cluster, creating a caring, comfortable, learning environment in which the children can grow and develop.

The operational savings realized from this organization has allowed the district to restore elementary music and art education to a level we were accustomed to five years ago and earlier. The organization also produced maintenance savings that will be accruing every year to the district, more than offsetting the additional cost of transportation.

Two of the schools not in use this year have been utilized by other organizations. Dana School has been leased to the city Recreation

Department for three years, providing immediate relief to that department and city taxpayers. Southeast school has been leased to the Vermont Achievement Center. This agency will be using the building to provide alternative programs to the county schools for teenagers with behavioral issues. The district plans to maintain ownership of the Southeast School, however, because it is a school and site that can be expanded to accommodate future growth in enrollments.

The success of the elementary reorganization plan can be attributed to the cooperation and participation of scores of people. The custodial and maintenance personnel worked tirelessly in completing their assignments. Teachers spent countless hours in packing last spring and unpacking and getting rooms ready this summer. Numerous volunteers assisted teachers in unpacking, painting and cleaning in preparation for the opening of school.

Another important development in preparation for the 1995-1996 school year was restoring the position of Assistant Superintendent. This action enabled the Board to establish a transition plan for the replacement of retiring Superintendent Brothers. This was accomplished without increasing the overall administrative team. Mr. David Wolk was hired to serve as Superintendent beginning July 1, 1996, and as Assistant Superintendent during 1995-96, concentrating on curriculum and instructional development and grant acquisition.

As of this writing a major curriculum, instruction and assessment planning process is being established to help guide the district in its most important mission over the next decade.

In closing, the Board and administration wish to assure city residents we are doing everything possible to maintain a system of efficient, quality education for our children.

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school-age child who is not currently being served, please contact the Support Services Office at 773-1917.

Marble Valley Regional Transit District, "The Bus"

Lawrence A. Dreier, Administrator

Samuel J. Gorruso, City Representative

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Marble Valley Regional Transit District (MVRTD), generally known as "The Bus", is entering into its 20th year of service to the residents of the greater Rutland area. MVRTD is the largest non-urban public transportation system in the State of Vermont and, as such, provides transportation to the general public throughout Rutland County, as well as to Social and Human Service Agencies, schools and area businesses. MVRTD provides an enhanced level of self-sufficiency for the elderly, disabled, and transportation disadvantaged who need transportation or are committed to the environmental benefits of public transit use. MVRTD has become a valued asset to the communities it serves. System ridership, over 467,000 rides, more than doubled this year. Over 555,000 vehicle miles accumulate annually on its fleet of nine mini-coaches (29-35 passenger), eight medium-duty buses (20 passenger) and twelve vans, all of which are lift equipped and fully accessible.

Through its operation of the Rutland County portion of the Vermont Rideshare program, MVRTD has "saved" over 215,000 vehicle miles over the last 12 months by providing carpool options. Of the over 18,000 carpool trips arranged this year, 70% brought commuters into the City of Rutland to work.

MVRTD's free transportation service to eligible Medicaid and Reach-Up individuals has increased from last year's 30,000 rides to over 32,000 rides this year, continuing MVRTD's status as the second largest Medicaid transportation provider in the State of Vermont.

Complementary paratransit services are available for those individuals whose disability prevents the use of fixed route service.

The Multi-Modal Transit Center is proceeding toward becoming a reality which will be an important factor in the economic well being of the City of Rutland. The Multi-Modal Transit Center will provide a transit hub for the City of Rutland and Rutland County. It will also contribute much needed parking for the new State Office Building, other planned projects and the general public with the creation of approximately six hundred new parking spaces.

In times of uncertain and expensive energy supplies, environmental issues, traffic congestion, and high costs of road construction, public transit is becoming increasingly more important. We appreciate the financial and moral support of the elected officials and taxpayers of the municipalities that guarantee Marble Valley Regional Transit District's continued success.

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens of Rutland:

The development of the mind is critically important to the life of an individual in a community and to the community as a whole. Our ability to understand, plan, communicate, reason and enjoy our leisure time is essential to the quality of our lives and enables us to fully participate in the world around us.

The Rutland Free Library, recognizing that learning is a dynamic, life-long process, is committed to providing a variety of avenues to meet the diversity of individual needs and to provide those important links between our past, present, and future.

—Mission Statement

A strong commitment to this mission has guided the Board of Trustees, the library staff, and the Friends of the Library through this past year as we endeavored to insure that the region's largest public library was meeting the needs of area citizens.

The business of the library is the community. It is our job to buy books, magazines, videos, cassettes, newspapers, and CD software to support a very wide range of interests and needs for every individual. We buy and circulate items to help families buy cars, repair their homes, build new ones and raise their kids. We buy materials to help the business community get started, keep going, to encourage growth, and to remain healthy. We buy materials for students as young as first graders and throughout the lifetime of learning. We recognize that many adults are returning to school for the first time in decades and will need materials to help them with that transition to their college library. We buy books and tapes and videos for exploration, for learning, for fun, for the joy of reading, for growth, to help stop the pain, for excitement, for escape, for re-entering the world.

In addition to books, tapes and software, we work hard to provide a wide range of programs and other outreach activities. In between story

hours for preschoolers and book discussion groups for adults we hosted the AIDS quilt as co-sponsors with the Chaffee Gallery, RAVNA and Crossroads, we teamed up with the Recreation Department for a Children's Performing Arts Series and we planned numerous events for children both during the school year and as a part of the Summer Reading Program.

During our first complete year as a fully automated library we learned that on any given day a minimum of 18,000 items are out in use. Our circulation statistics still exceed those of all other public libraries in the state; the number of registered library users exceeds 11,000. We also completed a full online connection to the Rutland High School library so that students and teachers can have access to our holdings. State involvement with internet access issues kept the Department of Libraries from installing public access to VALS within the year but Rutland has been promised first-in-line status during this fiscal year.

To help with this enormous task we are aided by the Rutland Friends of the Library who, through year-long fund-raising efforts, purchased a bike rack, a microphone/speaker system, computer accessories, cassette and paperback racks, and who have authorized funds for an outside book return. The library also receives an enormous amount of help from a core of very hard working volunteers who mend books, enter computer data, prepare new items for use and keep our date-due cards and magazines flowing. The Rutland Garden Club provides continuous care for the beds they planted in 1990.

The library is a private non-profit corporation supported in large part by taxes from the communities of Rutland City, Rutland Town, Mendon and Ira. This spring Tinmouth voters petitioned for and passed a budget giving them full, free access to the library for the first time as well. Trustees from these communities represent the concerns of the supporting towns.

Rutland Area Visiting Nurse Association, Inc.

Ronald J. Cioffi, Executive Director

To the Honorable Mayor, Board of Aldermen, and Citizens of Rutland City:

On behalf of the Board of Directors and Staff of the Rutland Area Visiting Nurse Association, I would like to thank you for your continued support of RAVNA. We are deeply appreciative of your generosity and your commitment to our nonprofit mission, especially now as we reflect on 50 years of delivering comprehensive health care to Rutland's citizens.

This past year has seen the advent of non-mandated health care reform. Managed care, capitation and integrated systems of care are the buzz words of the present and fast approaching future. These changes have presented us with many challenges, including the need to do more with less. In order to continue offering cost-effective, quality home and community health services, we will build on the following principles:

COOPERATION, COLLABORATION, and INTEGRATION. Accomplishing these principles will be the key ingredients in assuring RAVNA's continued future success. However, as we prepare to deal with innovation and change, we must never lose sight of our basic responsibilities and philosophies, such as the gentle and caring manner in which we care for our patients, consistency in services, and the dependability and professionalism of our staff.

In reviewing statistics for Rutland City, we see an overall increase in demand for services of 8.6 percent from 58,774 visits

in 1993-94 to 63,844 visits in 1994-95. We are proud to report that despite our tremendous growth, our cost-effectiveness helped keep Vermont's home care expenses the lowest in the nation and kept RAVNA's charges among the lowest in the state. We are also very proud to report that we received no deficiencies on our annual Medicare Survey for the fourth consecutive year.

In addition to providing the highest quality home care, we furthered our commitment to community projects by taking a leadership role in this past year's highly successful Power of Thread: AIDS Memorial Quilt Exhibit and educational programs.

We are deeply appreciative of all the community support our agency has received. To our dedicated volunteers, like the late William Goderwis, who served for years on our Board of Directors and most recently held the position of president, we offer our humblest thanks and sincerest gratitude.

We are very grateful for the city and town allocations, United Way funding, foundation grants and individual and corporate donations which have enabled us to continue offering medically necessary services and community

programs to all Rutland city residents, regardless of individual ability to pay or geographic location. That is a tradition of which we are very proud and are committed to preserving.

Rutland Redevelopment Authority

Matthew T. Sternberg

To the Honorable Citizens of the City of Rutland:

Rutland Redevelopment Authority respectfully submits this Annual Report for the fiscal year ending June 30, 1995.

Much has happened in the past year. With the opening of T.J. Maxx and Movieplex 9, the Rutland Shopping Plaza continued its impressive rehabilitation program. The strength of this make-over is perhaps best illustrated by the announcement that Fashion Bug will relocate to the Plaza in the fall of 1995. Thus, as K-Mart moves to its new home at Diamond Run Mall, another major national retailer plans to leave a mall and move downtown!

On other fronts, the Asa Bloomer State Office Complex continues to fill up. New shops and restaurants are appearing all over downtown. Downtown is bustling.

The past year had its disappointments as well. CVPS cancelled plans to construct a new headquarters building. Contingency plans call for a rehab of the former K-Mart building to house either a single larger retailer or several smaller ones. The idea of keeping that space for retail has been enthusiastically received by other downtown businesses.

Another major change during the year was the consolidation of the Community Development Department into the Redevelopment Authority. Under an agreement with the Board of Aldermen, the Authority will handle grant administration and track transportation and housing issues for the City. The arrangement will allow for a reduction in staffing and a savings of more than \$6,000 annually.

The peer lending program, administered by the Authority with funding from Key Bank, continued to grow in its second year. Peer groups allow up to six businesses at a time to work

together to review business needs and access lines of credit for small working capital loans. Independent businesses that could not access bank financing have come to rely on their peer groups as valuable business assets.

With so much redevelopment coming to fruition downtown, the time has come to make serious plans for the next round of projects. Selection of future projects is important. Rutland must carefully build on its initial successes to ensure the maximum benefit is drawn from the redevelopment program.

Toward this end, the authority engaged the services of Mary Means and Ernie Hutton, authors of the successful *Downtown Rutland, on the Right Track* planning document that has been the handbook for our downtown revitalization since 1989. Meetings were held with business and community leaders and elected officials to gather ideas. A final report, complete with recommendations for a five-year strategic plan, will be presented in the fall.

Funding of the redevelopment process will be a major issue for the authority during the coming year. The first round of projects, as well as five years of general operating costs, were paid for largely out of the initial \$630,000 redevelopment fund. During the last year, CVPS reimbursed the authority \$75,000 to cover part of the cost of negotiating the Plaza redevelopment program. This, along with the City contract for community development services, will keep the authority on stable footing for the coming year. But as the strategic plan for the next five years is formulated, thought must be given to recapitalizing the redevelopment fund so sufficient funds will be available to keep Rutland growing.

Rutland Partnership

Harry Weinhalten, President, Board of Directors
Richard J. Courcelle, Manager

To the Honorable Mayor, Board of Aldermen, and Citizens of Rutland City:

It is with pleasure that we submit a report on the activities of Rutland Partnership. Since becoming downtown Rutland's management organization in 1990, we have seen tremendous positive change in the economic climate of downtown. During the 1994-95 period, 12 new retail businesses opened downtown, four retailers made significant expansions to their shops, and three professional service businesses opened.

By the end of 1995, more than one-half million square feet of new retail space will open in the Rutland area. The new Diamond Run Mall and the expansion of retail trade in its vicinity will place competitive pressures on downtown and on businesses throughout the region. Downtown is well-postured to successfully undertake significant market repositioning in light of this growth. Capital development projects such as the completion of the 220,000 s.f. Rutland Plaza, and the opening of competitive new specialty retail, restaurant, and entertainment businesses, are coming to fruition, strengthening downtown as a regional destination.

During the past year Rutland Partnership invested in market research to help chart downtown's course during a period of tremendous market changes. "A Retail Marketing Strategy for Downtown Rutland" by DANTH Associates received a lot of attention as it assessed the current and potential retail market, and recommended strategies to help downtown adapt to market changes. The DANTH report advocated a "niche" strategy for downtown that will help existing shops survive and grow while indicating the types of new firms to recruit. This research represents the most comprehensive body of market information available on downtown Rutland. The task remains for Rutland Partnership, and ultimately downtown businesses, to use this information to strengthen downtown's position in a changing economic environment.

During the past year Rutland Partnership used the research to produce a professional recruitment marketing packet which was distributed to targeted business prospects and downtown landlords. Inquiries from potential businesses have more than

doubled from the previous year. Rutland Partnership, Rutland Redevelopment Authority, and the Chaffee Center for the Visual Arts have initiated a project to fill upper floor vacancies downtown with live/work space for artists and artisans. Rutland Partnership's marketing efforts in the past year included successful retail promotions, advertising campaigns, marketing research, special events, and educational programs for downtown businesses. Streetscape improvements included a maintenance program, the purchase of new amenities, and planting of trees with grant money from the state. Rutland Partnership also works closely with City departments to coordinate City services and other programs.

Rutland Partnership was instrumental in the establishment of the Rutland City Parking Advisory Committee which, during the past year, ushered in regulatory changes and capital improvements to increase parking availability for retail customers and clients of professional/service businesses, and to ensure availability of long-term parking for downtown employees.

Rutland Partnership is governed by a 12-member volunteer board of directors, elected by and from the members of the special benefits district. The strength of Rutland Partnership lies in its committees and outreach work. Committees are active in the areas of Marketing, Streetscape Improvements, Business Development and Holiday Decorations. The synergy created by a professional management team working in concert with dedicated volunteers is unmatched in its potential.

Downtown Rutland is playing from a position of strength. No other downtown of its size in New England can boast the dramatic and positive developments that are underway in Rutland. As further developments occur and new businesses are added, downtown will continually adjust the way it markets itself and, in essence, in the way it views itself. The "new" downtown will service a number of markets—each with a different set of needs, behaviors and attitudes. Rutland Partnership approaches the future with confidence and optimism. Downtown is undoubtedly "On the right track."

Rutland Regional Ambulance Service, Inc.

Paul Kulig, President, Board of Directors

Samuel J. Gorruso, City of Rutland Representative

To the Honorable Citizens of the City of Rutland:

We are pleased to present our annual report to the Citizens of the City of Rutland. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service for twelve years. From 1983 to the end of this year Regional has responded to 43,281 ambulance calls. This past year, ending June 30, 1995, the service responded to a total of 5,292 ambulance calls and an additional 1,534 paramedic intercept calls in our 12 communities.

With the continued support of the citizens, our employees, and community governing bodies, we have level funded and even lowered our assessment rate over the past 11 years. Our current assessment rate is \$6 per capita. We extend our appreciation to everyone for their continued support. The Board of Directors established the General Development and Endowment Fund to receive gifts and administer the fund for the purpose of providing resources to support RAS's general operations. The goal of this fund is to offset operating cost increases, as projected in the five-year budget forecast, and to level budget or minimize any future municipal assessments.

A new "Medic One" was built and put into service. The vehicle was converted into an emergency vehicle by our employees and local contractors saving over \$20,000 in the process.

Training is always very important to keep our employees up to date in their skills. Training has been provided in Pre-Hospital Cardiac Life Support, Pediatric Advanced Life Support, Advanced Operations, and a variety of mandatory training to maintain our personnel's certifications.

Monthly C.P.R. classes are taught at Regional Ambulance. Last year the R.A.S. training center trained 596 people. Tours, lectures, demonstrations, and C.P.R. classes are available for the general public. For further information call 773-1746.

Our professional staff is extremely capable and dedicated. The public is encouraged to visit and talk to the employees and Administrator at our Stratton Road facility. Please feel free to contact James Finger, Administrator, or your representative if you have any questions concerning the service.

On April 18th, 1995 tragedy struck our service when a dedicated employee collapsed of a heart attack while treating a serious motor vehicle accident victim and passed away as a result. This report is dedicated to the loving memory of Floyd "Bud" Langon for his commitment and service to the communities we serve.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors and Administration of Regional Ambulance Service, Inc. will continue striving to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

Cemetery Commissioner's Report

Eleanor J. Elwert, Chairman

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

As a newly appointed cemetery commissioner, the chairman received some early on-the-job training when concerned citizens realized that the grass had not been cut in West Street and North Main Street cemeteries.

Dawn Hance, no longer a commissioner, received numerous calls about the unkempt appearance of the two historic burial grounds. Most people expect that cemeteries will be in apple pie order for Memorial Day observances and visits. A bid had been awarded but the work was yet to be finished. As mentioned in last year's report, a large tree was to be taken down in West Street cemetery, and this was done by Trees, Inc.

Also referring to last year's report, the citizens were indeed very fortunate to have had Dawn Hance as the chairperson. She is so well versed

in the early history of Rutland that it was a delight to read about the historic burial grounds.

A note of thanks to City Treasurer Ron Graves who manages the bid process for mowing. Thanks also to DAR members who placed flags on veterans' graves.

Input from my fellow commissioners was welcomed. They seem to be in agreement on the possibility of using the newly formed Chore Corps to help in the process of keeping the cemeteries in good order. Having them fenced in with locked gates is by far the most substantial improvement.

Research on the cemeteries at the former Poor Farm on Woodstock Avenue is continuing. Anyone with an interest in solving historic puzzles should contact the chairman. In that area and others she needs all the help she can get.

Rutland Historical Society

Morris G. Tucker, President

To the Honorable City Council and Citizens of Rutland:

Once again it is my pleasure to submit the annual report of the Rutland Historical Society. The year has been a very busy one with many activities, presentations and visitations. A workshop and walking tour was requested by the Vermont Geographic Alliance for its summer teachers' workshop. The weather and timing seemed to go hand in hand and all went exceptionally well.

Our present exhibit, entitled "Once Upon A Time," features photographs, clothing, and articles of daily living, as used by men and women of the bygone era.

The fall series of programs consisted of five different topics and the spring series scheduled four programs. The program committee is now planning a series of fall programs on the Civil War which will be presented in the Nella Grimm Fox Room of the Rutland Library. Audience participation makes the presentations more interesting and serves as a pipeline for additional information.

Area school teachers and their students were invited to view our exhibit and join in a walking tour of Center and Washington Streets with commercial and residential buildings being described and some of their history explained. Spring and Fall classes took advantage of this service and it was very gratifying to see the interest shown by many students and their teachers.

We prepared an exhibit pertaining to the 200th year celebration of the *Rutland Herald*. During the grand opening of the exhibit, the Society was presented a very Historic Document. The paper is a letter of agreement between John Walker and the Rev. Samuel Williams, both men were much involved in the early history of Rutland. Robert Sharp of Sharp Offset Printing presented the document to John Mitchell of the *Rutland Herald*, who in turn presented it to the

Society President, Morris G. Tucker. This is a great addition to our collection and appropriate remarks and sincere thanks were extended to both men for their thoughtfulness and visions of the future for our Society.

The Annual Meeting of our Society was held in the Nella Grimm Fox Room in the Rutland Library on October 20, 1994. A special program which followed the business meeting was "History and Archeology On and Under Lake Champlain," presented by Art Cohn, Director of the Lake Champlain Maritime Museum.

The membership committee had a busy year planning and implementing programs of a promotional nature for area TV, radio, and the media. Very good reports were received with compliments and several expressed the need for more of such interesting and educational programs.

May we again express our sincere appreciation to the Rutland Recreational Department for the good and timely job of keeping our lawn groomed during the summer months. We also extend our many thanks to Mayor Jeff Wennberg and Treasurer Ron Graves for their ever ready advice and support of our Society. It is our hope that your continued relationship with us will help enhance our operation and enable us to reach out and service our community with more information, history, and the research of genealogy.

In closing, may I express my sincere thanks and appreciation to all Officers, Board Members, Committee Members, and others for their assistance, cooperation, and generous support throughout the year. All of us working together instills more life into our Society, whereby we can offer more community service and tend to grow with the needs of our people.

Council on Aging, RSVP, One to One, and Interage

To the Citizens of Rutland:

The **Southwestern Vermont Council on Aging**, located in Building 14 at the Howe Center, is the private, non-profit community organization whose mission is to be a community force in making our region a good place to live and grow old. During the past year, 286 city residents were served by our advocate program, 37,814 meals were delivered to homebound elders and 8,225 meals were provided to participants dining at one of our 3 luncheon sites in Rutland City located at the Bardwell House, Sheldon Towers and the Godnick Center on Deer Street.

Here is a brief description of some of the ways the Council on Aging serves elders residing in Rutland:

Advocate Program

Senior Advocates are available to provide personalized help to elders in need of program information, service coordination, application assistance or linkage with other service providers.

Meals on Wheels

Meals are delivered to homebound older persons who need this service to help them continue living independently.

Community Luncheons

Nutritious meals are served around the noon hour in a group setting at 3 locations in Rutland.

Information and Assistance

The I&R service provides easy phone access to elders in need of information about services and programs.

Volunteers for Health Insurance

Benefits Program (VIP)

Volunteers are trained to help elders with health insurance paperwork, claim forms, and medigap policy comparison.

Community Development

Community Resource Developers work in partnership with community groups to identify elder needs and find local solutions.

Peer Support

Seniors experiencing emotional stresses are offered support by volunteers who have been trained in listening and communication skills.

Contracted Services

These include the Senior Law Project Attorney for Elders, the One 2 One Program for essential transportation and homemaker assistance through the Rutland Area Visiting Nurses.

Volunteer Opportunities

Driving for Meals on Wheels, helping at luncheon sites, being a VIP Volunteer, or a Peer Support Volunteer are some of the community service opportunities we offer.

Our services are available to all elders, 60 years of age and older, regardless of income. Although no fees are charged, donations from participants are encouraged.

One call to the Council on Aging at 786-5991 can connect you with any of our services or other community services by referral.

John G. Campbell,
Council on Aging Executive Director

The **Retired and Senior Volunteer Program (RSVP)**, the largest program of coordinated volunteer services in this area, is a nationwide program designed for people 55 and older who want to help meet community needs through meaningful use of their skills and knowledge in volunteer service to non-profit organizations. RSVP believes that each person has something to offer his/her community. In Rutland, currently, over 450 RSVP volunteers serve as library aides, tutors, receptionists, musicians, hospital workers, guardians-ad-litem, hospice workers, Red Cross volunteers. They volunteer in schools, courts, libraries, nursing homes and 80 additional non-profit organizations based upon their individual preferences and the needs of organizations.

RSVP volunteers serve without compensation, and can be reimbursed for mileage if it would be necessary in order for them to volunteer. In addition, all RSVP volunteers are covered by free, supplemental insurance while volunteering.

In 1994, RSVP volunteers, half of whom live in Rutland City, donated over 68,000 hours of service to our community. The cost benefit to

our community in terms of services provided equals \$275,000.

As agencies are faced with budget cuts, volunteer services are needed more and more. In order to respond to this increased need, RSVP is moving to expand its services to volunteers of all ages. Several innovative programs that began as RSVP projects have been revised to include persons under the age of 55 as well as RSVP volunteers. They are available for presentations to interested persons, groups or schools:

"SAVE" Senior Artists Volunteer in Education — a joint venture between Chaffee Center for the Visual Arts, RSVP and local schools was designed to increase and supplement arts education and appreciation for students in grades 4-12.

"BITKITS" Business, Industry & Technology Kits — a partnership with area businesses to acquaint students (grades 5-12) with local businesses so as to familiarize them with the skills and education needed for future employment.

Seniors & Youth, "Generations Growing Together" — promotes self-esteem and good, healthy living habits at pre-school and elementary schools.

"Senior Sense" — alcohol and drug abuse awareness presentations targeted to junior high, high school students, and senior citizens.

We thank the voters of the City of Rutland for your support in helping RSVP continue to provide its services. We invite you to contact us at 775-8220 if you would like to know more about our program.

Anne P. Rowe, RSVP Director

InterAge is an Adult Day Program offering a variety of daytime activities to participants, while providing respite service to families and other caregivers of frail and handicapped adults. InterAge offers a caring and stimulating environment, promotes integration within the community and aids in reducing or avoiding isolation.

During the past year, InterAge has served 37 individuals residing in Rutland County.

Thanks to the City of Rutland and the United Way of Rutland County, InterAge continues to offer quality services to its participants.

InterAge is located at the Howe Center, building fourteen, and is open Mondays through Fridays, from 9 a.m.-2 p.m.

For additional information, call 747-3587.

InterAge is part of Rutland Community Programs, Inc.

The **One to One** program serves the elder population of Rutland County. A group of dedicated volunteers provides essential transportation, telephone reassurance and friendly visiting to those more frail and isolated individuals needing this type of support to remain independent in their homes.

Referrals come through physicians, nurses, discharge planners, social workers, mental health workers, senior advocates, elders themselves or concerned family and friends.

During the past year 6,000 telephone contacts, 400 friendly visits and 3,200 trips were provided.

One to One continues to grow as our elder population becomes larger. For more information, call 775-4318 or 775-8219.

One to One is a part of Rutland Community Programs, Inc.

List of Unpaid Taxes as of 6/30/95

The list of unpaid taxes is as it appears on the records of the City of Rutland as of 6/30/95 pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of record as of 4/1 of the year preceding the tax year shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to 4/1 and that taxes became due and delinquent and such listed individuals may not be responsible for the amounts indicated.

Amounts shown are taxes only exclusive of interest and penalties.

Legend: P = payments being made; * = Paid after 6/30/95
